

NEIGHBORHOOD LIAISON STEPS TO FOLLOW IN A DISASTER

1. ASSESS YOURSELF

- >Check members of household and pets for injuries
- >Check your structure for damage
- >Make sure family is safe and secure

2. DISASTER/EMERGENCY PLAN ACTIVATED

- >Through checking in with your Area Coordinator (AC).

3. ASSESS NEIGHBORHOOD (in teams of 2)

- >By telephone if feasible, if no answer or phones out, visit the home.

4. REPORT EMERGENCIES ASAP THROUGH QUICKEST AVAILABLE MEANS. CALL 911 FIRST (or have someone else do it; make sure it gets done). THEN RADIO-REPORT TO YOUR AC. IF 911 CAN'T BE CALLED, RADIO-REPORT HAS HIGHEST PRIORITY.

5. REPORT ENTIRE NEIGHBORHOOD ASSESSMENT (AFTER CHECKING ALL HOMES) TO YOUR AC. IF NO PROBLEMS IN SOME SECTIONS, LET AC KNOW WHEN RADIO TRAFFIC EASES OFF.

Name, Phone

IF YOU CANNOT MAKE CONTACT WITH THE AREA COORDINATOR BY PHONE OR RADIO, GO TO HIS/HER HOME AND LEAVE A MESSAGE.
